1985 SCRIMSHAW DEDICATION

We, the Class of 1985, proudly dedicate this year's SCRIMSHAW to Dr. Donald Cameron Wetmore.

During his fifteen years as a member of the faculty of the College of Business and Industry, Donald Wetmore, familiarly known by his students as "Doc" was a man whose accomplishments gave recognition to both his abilities as well as his contributions. He rose in rank to become Professor of Management, Chairman of the Department of Management, creator of the Human Resources Management major and President of the University's Faculty Senate. The essence of the man, however, was best summed up and conveyed in the prose of a citation presented to Dr. Wetmore this past May at the annual Honors Convocation dinner when he was chosen to receive the Student Senate's DISTINGUISHED SERVICE TO UNIVERSITY AWARD. Because we feel that the words of that citation express most fully our sentiments for the man, we herewith offer it as our dedicatory statement.

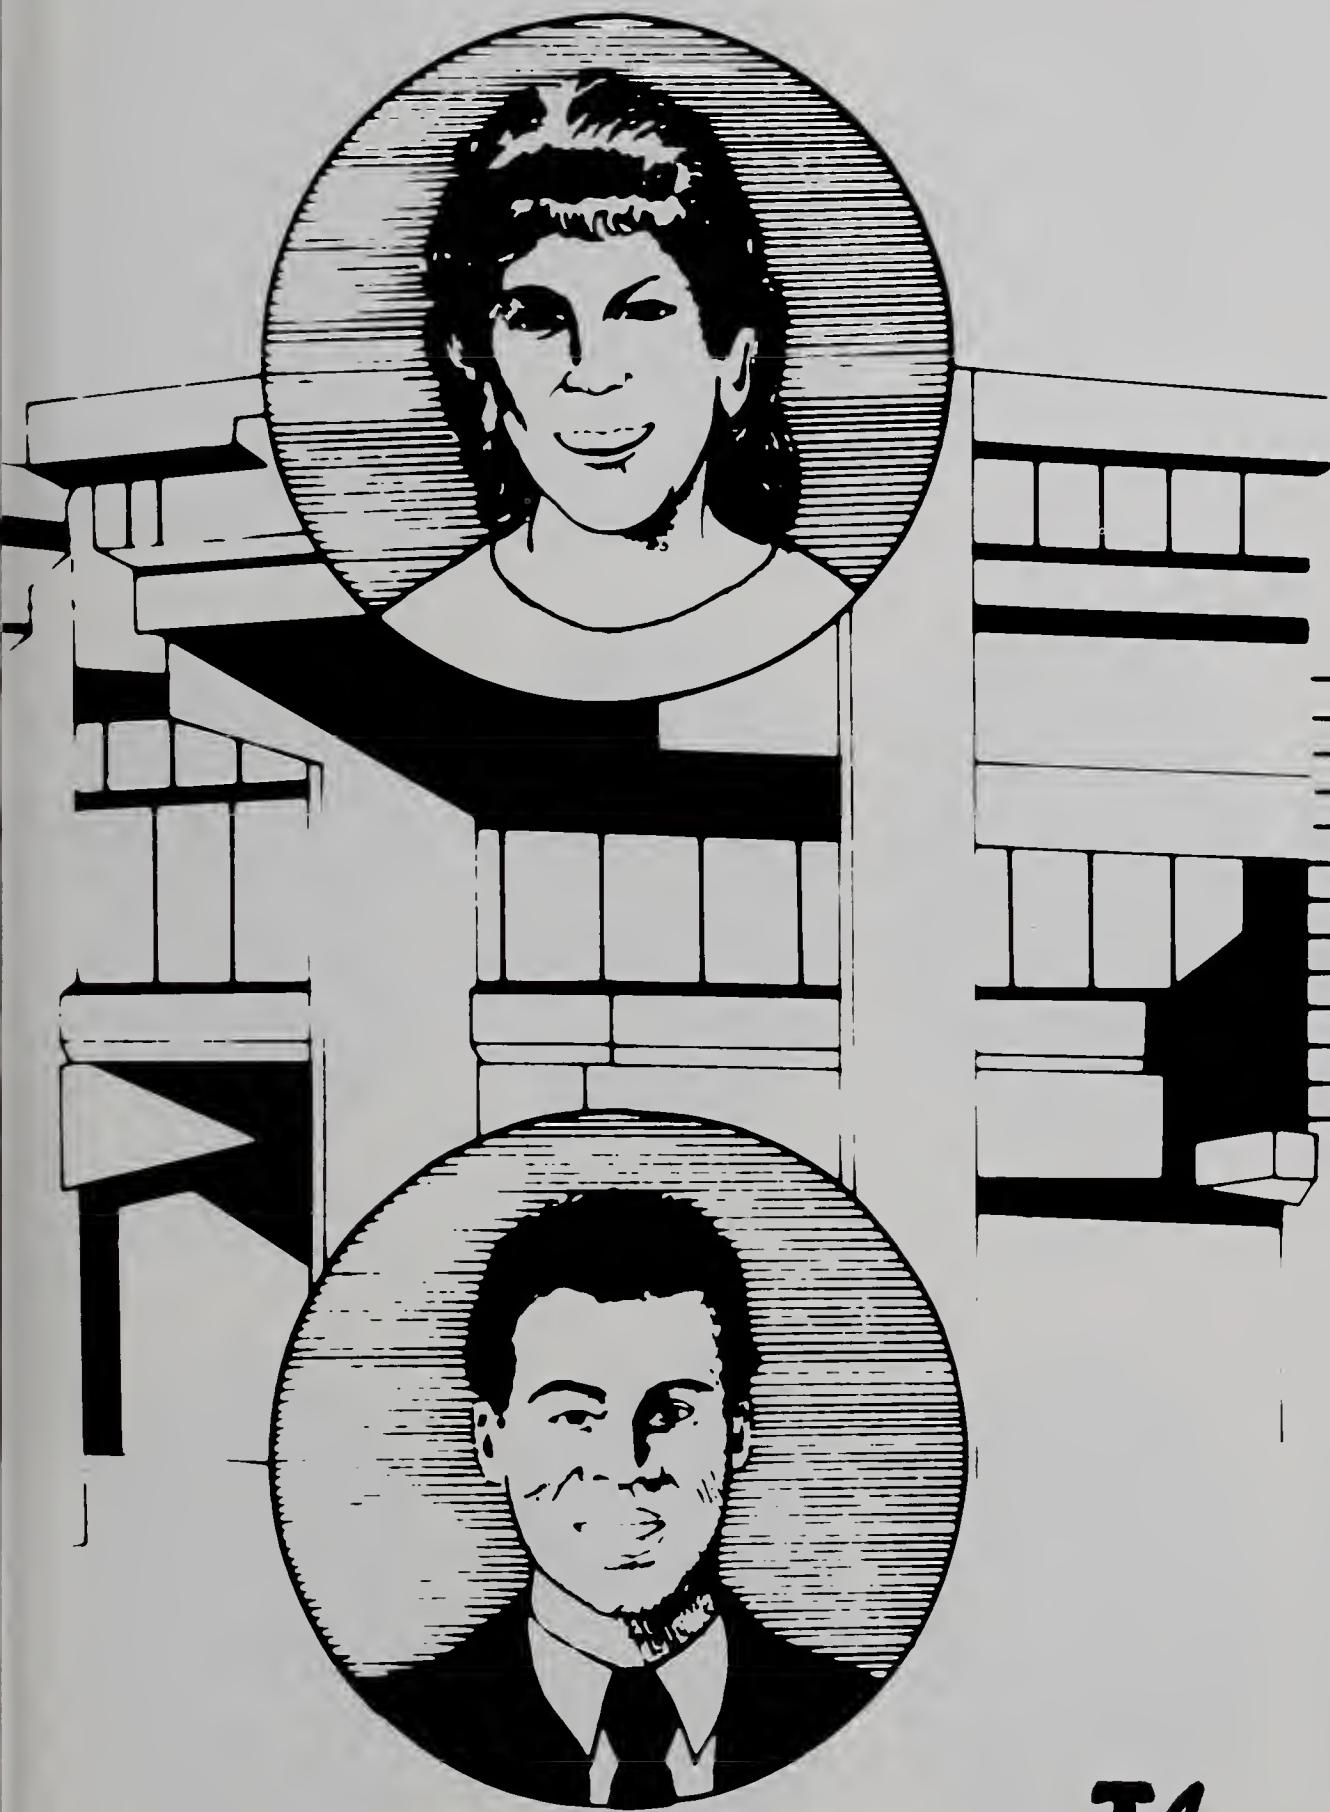

"Yankee gentleman. Your courtly grace, polished speech, intellectual wit and gentle humor have made you a figure of popular affection among the many who have known you as teacher. Your practical "nuts and bolts" approach to teaching made your classroom a place where theory was to be tested against reality and where freedom combined with flexibility served as stimuli to the creative response. As an encourager, a giver, a wise mentor and friend, you have been to generations of students a source of steady strength and a bridge over the sometimes troubled waters of our emerging adulthood. For all these reasons and more, we the students at Southeastern Massachusetts University pay you tribute."

1985 Scrimshaw

... A Note From The Editor

In compiling this yearbook, we have striven to capture the essence of what S.M.U. means to its students. Our years at S.M.U. have produced many memorable times and the Editorial Staff of the 1985 Scrimshaw has captured many of these times for you to share.

Many people have dedicated most of their senior year to the publication of this book, and many people need to be thanked. I am very thankful to my assistant editors—this yearbook is evidence of their hard work and dedication. Special thanks go to the photographers who have given so much of their time to make the pages of the 1985 Scrimshaw come alive.

The 1985 Yearbook Staff has tried to paint a picture encompassing the many aspects of life at S.M.U. I hope you've enjoyed your years at S.M.U. and that Scrimshaw 1985 rekindles your fondest memories.

Good Luck,
Lisa A. Banker
